

## 25 Mile Ride

The first dozen miles and the final nine miles are the same for both the Metric Century and the 25-mile ride. Both rides travel on Fonderwhite Road. There are some short climbs and then downs.

(A hurricane was approaching on our 2011 ride and cyclists rode on a cloudy day but no rain, no wind until after the rides)

Ride together through Schaefferstown.

The two rides split a short distance after the historic Albright Chapel.

The 25 Mile ride goes left onto Albright Road, and the Metric Century riders go right to travel to Millbach.

Sunny and gray days on Albright Road. The windmill and short silo tell you this is an Amish farm.

Take time to stop at the Amish craft and furniture store in Reistville. Enjoy ice cream at the Patches Family Creamery a few miles from your finish. Perhaps, an ice cream pie to celebrate the ride?
